

Name _____

Parts of a Book

Books have different parts that help you find the information you need. At the front, a **table of contents** lists chapters, articles, or stories and their page numbers. An **index** lists subjects that the book covers and tells the page on which the information can be found. An index is usually in the back of the book.

Directions Use the table of contents and the index to answer the questions.

Table of Contents	
Money Around the World	
Chapter 1	
North and South America	3
Chapter 2	
Europe and Asia	10
Chapter 3	
Africa and Australia	25

Index	
Dollar	
Australia, 32	
Canada, 5	
Taiwan, 14
