Vocabulary • Context Clues

- Sometimes you can figure out the meaning of a word by looking at the words and sentences around it.
- **Context clues** are the words around an unfamiliar word that help you figure out its meaning.

Directions Read the following passage about a garden. Then answer the questions below. Look for context clues as you read.

We used to live in the city. Then we had to move to the country. I was filled with sadness to leave my friends. But I was not unhappy for long. My excitement grew as we drove because I was thrilled to see new things.

It was night when we got to our new house. I got out of the car. It was so cold outside, I shivered. Inside the house, I stopped shaking but was shocked by how dark it was.

“Don’t look so surprised,” Mom said. “It will look better in the morning.”

The next morning, I got up early and went downstairs. Dad was standing by the back door. He raised his arm and motioned for me to follow him outside. There was a beautiful, big garden! It had trees and lots of flowers.

“Can I take care of the garden?” I asked.

“Yes,” Dad said, “you can be the family gardener.”

I smiled and knew that I would love living in the country.
