Vocabulary • Context Clues

Sometimes in your reading you see a word you don't know. You can use **context clues**—the words and sentences around the unfamiliar word—to figure out its meaning.

Directions Read the following passage. Then answer the questions.

Last summer, my family and I spent two weeks living in a log cabin. The cabin was in a clearing, where the trees had been cut down. Life in a log cabin is very different from life in the city. You hang your clothes on pegs sticking out of the wall. Even pots and pans hang on pegs in the kitchen. Under the kitchen rug was a trap door. It led downstairs to the cellar.

My brother and I loved the cellar. We had to walk down very steep stairs almost like a ladder! The cellar was filled with large, covered barrels containing dried corn and other food. Also, the cellar was very cool. Food does not spoil where it is cool. So the food in the cellar stayed fresh. The cellar was a great place to be on a hot summer day!
