## Time Line

A **time line** shows events in the order that they happened or will happen. It can show days, weeks, months, and years.

**Directions** Look at the time line. Use the time line to answer the questions.

1885 Statue parts arrive in New York in June.

1886 President Grover Cleveland officially accepts statue on October 28.

1903 Poem by Emma Lazarus is added to the base.

1924 Statue becomes a national monument.

1956 Island is renamed Liberty Island.

1975 Centennial celebration honors statue's 100th year.

1. What is the first year shown on the time line?

**1885**

2. In which year was a poem added to the statue?

**1903**

3. When did the statue parts arrive in New York? When did President Cleveland accept the statue? About how much time passed between these two events?

**1885; 1886; a little more than a year**

4. What major events happened between 1920 and 1960?

**statue became a national monument; island was renamed**

5. Why was 1986 an important year for the Statue of Liberty?

**The Statue of Liberty turned 100 years old.**

**Home Activity** Your child read information on a time line and answered questions about it. Help your child list the dates of some important family events. Ask him or her to make a time line with these events.
