**Proofread an Explanation** Olivia wrote about how to bowl. Circle four spelling errors. Write the words correctly. Then add the missing comma.

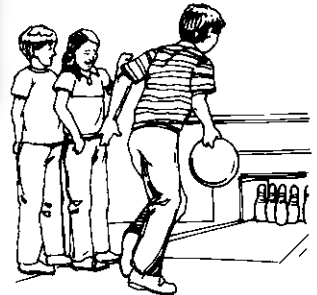

Bowling is a remarkable sport. Almost every body likes it.

You should start with good equipment. Don't use a ball that is unbareably heavy and don't settle for unconfortable shoes.

When it's your turn, swing the ball back gracefully as you walk toward the pins. Let go when you reach the line. Always aim carefully at the pins.
