

Name _____

Draw Conclusions

- When you **draw a conclusion**, you figure out something by using clues and what you know.
- Remember that drawing conclusions means thinking about facts and details and then making a decision that makes sense.

Directions Read the following sentences. Mark the correct conclusion for each sentence.

1. A crow track has three marks, while a snake track looks like a long winding line.
 Tracks make patterns.
 Snake tracks are bigger than crow tracks.
2. Cat tracks show four toes. Dog tracks and rodent tracks also show four toes.
 Tracks are easier to see in damp ground.
 Many animal tracks show four toes.
3. Fireflies flutter and bees fly. Neither fireflies nor bees walk much on the ground.
 Fireflies and bees don't leave tracks.
 Fireflies and bees are annoying insects.

Directions Read each sentence below. Draw a conclusion and write a sentence about it.
Possible responses given.
