

Name _____

Compare and Contrast

- A **comparison** shows how two or more things are alike and different.
- A **contrast** shows how two or more things are different.

Directions Using the Venn Diagram, compare and contrast girl’s and boy’s clothing.

A simile compares two or more things using the clue word *as* or *like*, and a metaphor does not. “She cries like a baby” is a simile because it uses the clue word *like*. “She is a baby” (if she is a big girl) is a metaphor.

Write two similes of your own. Then write two metaphors.

Answers will vary.
