Name _____

Compare and Contrast

- A **comparison** shows how two or more things are alike.
- A **contrast** shows how things are different.
- **Similes** use the clue word *as* or *like* to compare two things that may seem very different.
- **Metaphors** are comparisons that do not use *as* or *like*. Here are examples of each.

Directions Read the examples of similes and metaphors in the box. Then write four similes and four metaphors.

Similes	**Metaphors**
