

**Snapshot Response to
“How My Family Lives in America”
by Susan Kuklin**

1. How are Sanu, Eric, and April alike and different?

Responses will vary but should include that all live in New York City and have a parent who was born in another country—and then give one or two specific differences about each child.

2. This Snapshot is full of facts. Find some for each child. How could you prove that these facts are true?

Responses will vary but should include information that can be proved through observation, research, measurement, or interview.

3. Which of the three cultures was most interesting to you? Tell why. Use boldface words from the Snapshot to get you started.

Explanations will vary but should show an understanding of the words in boldface and of the culture each student chose.
